Copy 3 of 4

21 January 1965

Mr. McCone:

[REDACTED] gave you a briefing on the effect of swath width last week. In order that these results can be more broadly available, I asked him to reduce it to written form as a DD S&T report. A preliminary copy is attached for your reference. We plan to do this with the series of satellite coverage on requirement studies we have generated over the past year.
